REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The examiner corrects the reasons given on p.4 of the previous action: While Umeda's end turns can be interpreted as comprising both a surrounding arrangement and a concentric arrangement, Umeda's end turns are at both ends of the stator core, and hence would not comprise a concentric arrangement "disposed only on the one side of the stator core" and turn portions on a surrounding arrangement "disposed only on another side of the stator core" as claimed in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Burton S. Mullins whose telephone number is 571-272-2029.
